SPECIALTY ITEMS

About Us

Since the early eighties, Mountain West Products has been producing and packaging a balanced mix of private label and branded landscaping products.

We are focused on growing with you, our valued customers, and meeting your ever-changing needs. We are also very concerned with job site safety and remain constantly aware of all environmental issues within our industry. Mountain West Products emphasizes quality and customer service and offers shipping from the above locations throughout North America, and overseas. Through exceptional teamwork, we offer the ability and flexibility to act quickly to respond to your every need.

Pet and Specialty:

In addition to a full assortment of landscape related items, we also cater to the orchid, pet and specialty bark markets. We can help you design, blend, package, or create that special product involving almost any wood derivative.

BOULDERS AND BULK

MOUNTAIN WEST PRODUCTS

Decorative Boulders:

Our decorative boulders come in a full range of sizes and colors. These unique boulders make wonderful lawn and garden accent pieces and will give any landscape a beautiful professional look.

Bulk Lava and Bark:

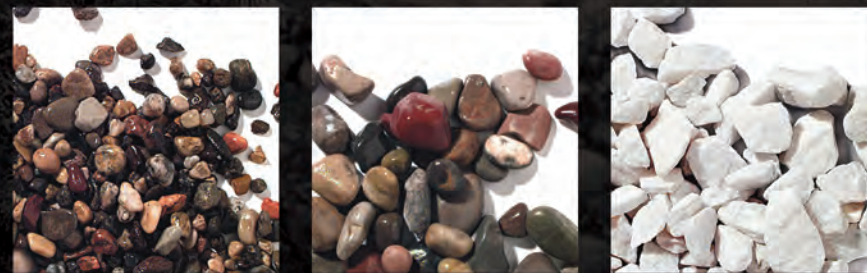

Buying products in bulk is less expensive because we eliminate the bagging costs. Our bulk products can be delivered by van, walking floor, truck or rail.

Lawn and garden care is much simpler with the high quality products available from MWP. Our selection of natural barks, soils and rock products are designed to improve soil structure and fertility, promote plant health, and enhance the natural beauty of lawns and gardens. Make the most of your outdoors with MWP's 100% natural products.

SOIL PRODUCTS

DECORATIVE ROCKS

Basic Soils:
For the price conscious customer, MWP produces a basic line of Top Soil, Reed Sedge Peat and Promotional Potting Soils.

Ready to Use:
Step up to ready to use fir bark potting and gardening mixes packaged under our Yardcare, Mountain Magic and Glacier Gold brands.

Ammendments:
Supplement your offerings with desired potting mix coponents such as our, Soil Pep, Composts, Manures and Sphagnum Peat.

Decorative Rocks:
MWP decorative products blend in naturally to any garden setting. These rocks limit weeds and protect the soil from harsh temperatures. They give any landscape a beautiful and professional look.

River Rock Pebbles:
Size: (3/8" to 3/4")

River Rock Nuggets:
Size: (3/4" to 1 3/4")

White Marble:
Marble chips give any garden an elegant appearance.

LAVA NUGGETS AND PEBBLES

SOIL PEP PRODUCTS

Lava Nuggets and Pebbles:

Earthy red, rich black, or unique tuscan gold, these colorful and lightweight products are derived from naturally occurring volcanic rock. These rocks help limit weeds and protect the soil from harsh temperatures.

Nugget Size:

Red, Black and Gold (3/4" to 1 3/4")

Pebble Size:

Red, Black and Gold (3/8" to 3/4")

Soil Pep Products:

Soil Pep Products improve the structure of soils, including clay or sand, by accepting, retaining and releasing water, allowing plants to thrive. In addition, Soil Pep Products promote better growth and maturity. Available in Coarse, Fresh, and Composted.

Douglas Fir Bark Fines:

Bulk or packaged, fresh or composted, MWP offers quality bark fines for growers, potting soil producers, and custom specialty bark markets.

Professional Soil Mixes:

MWP can create any custom soil or soilless mix for your greenhouse or growing operation.

WESTERN BARK

TIMBER SPECIFIC MULCHES

Nugget Bark:

An outstanding choice for any landscape, our high quality top selling bark is value priced and available in various nugget sizes for the right dimensional look.

Shredded Bark:

With its longer fibers, this bark is the perfect ground cover in high traffic areas. Sprinklers, heavy rains and high winds can't "undo" this mesh-like mulch.

Drift Bark:

Double processed with smoothed tumbled edges, these are the highest quality bark nuggets available on the market today. This is the original Western Bark Nugget, Just like the old days.

Western Cedar Mulch:

Wonderfully aromatic, dense and moisture retaining, Cedar Mulch bonds together and mats down to stay in place. Rich in cedar oil, this mulch also helps deter insects.

Redwood Mulch:

From the California coast, this naturally bright red, all bark product is great for any garden or landscape setting.

Western Cedar Chips:

For Path and Play areas, this product combines the benefits of Cedar Mulch with the safety of a soft landing.

Nature's Magic Mulch:

These all bark, first use mulches, are color enhanced with a natural, safe and long lasting water based stain that is safe for any landscape.
